## HE KEPT US OUT OF WHAT WAR?

Disingenuous to Boast That It's Through Any Act of Wilson We Are Out of the European Contest.

### RATHER SHOULD BE BLAMED FOR MEXICO BELLIGERENCY

During the Present Administration We Have Seized a Mexican Port and Sent Our Entire Army and Militia to Fight Mexicans While Armed Mexican Forces Have Invaded American Soil and Fought Battles Against Our People.

Sometimes you hear men, sensible men, too, say, "I'm going to vote for Wilson this year because he kept us out of war."

Ask such men a short question. Ask them, "Out of what war?"

Did Mr. Wilson keep us out of the European war? No. He has himself in a formal address to congress spoken of the European war as "a war with which we have nothing to do, a war whose causes do not touch us." How could Mr. Wilson keep us out of a war with which we have nothing to do and whose causes do not touch us?

Did he keep the rest of the western hemisphere out of the European war? No independent nation on this side of the world is involved in it; the only people in it are the colonies of European powers and they had no voice in their fate, for they were automatically at war when their mother governments went to war. Who kept Argentina, Brazil, Chile, Peru, out of the European war? Did Mr. Wilson?

Did Mr. Wilson keep us out of war with Mexico? No. In his term more Americans have been killed by Mexicans and more American property has been destroyed by Mexicans than by Spaniards during the whole Spanish war. In his term we have seized a Mexican port and have sent our entire regular army and militia to fight Mexicans. In his term Mexican armed forces have invaded American soil and fought battles against our people within our boundaries.

President Taft went through two Mexican revolutions during his term, the revolution against Diaz and the revolution against Madero. American lives were safe in Mexico during that time. No Mexican cities were seized by Americans and no armed Mexicans invaded the United States while Mr. Taft was in the White House. Yet Mr. Taft never thought of asking the American people to vote for him because he kept us out of war with Mexico. He put an embargo on arms so that American weapons would not be sent across the boundary, and he refused to interfere in Mexican affairs. When he left office Mexicans liked Americans, and Americans were safe in Mexico. Since he left office Mexicans hate Americans and Americans dare not remain in Mexico. Did Mr. Wilson keep us out of war with Mexico? Not if words mean anything.

Mr. Wilson did not keep us out of the European war, and he did not keep us out of war with Mexico. Out of what war, then?—Detroit Free Press.

### UNITED STATES' HONOR.

Hughes' Criticism of Foreign Policy Approved in West.

[Portland (Ore.) Telegram.]

The Republican party has selected a standard bearer whose utterances from day to day justify the people who chose him. Not only does he bring before the country the shortcomings of the Administration that owes its existence to a divided Republicanism, but his criticism is everywhere constructive.

He tells what must be done and will be done by the party he represents to prevent wastefulness and extravagance in the governmental expenditures and to put a stop to the vacillating policy that has caused other nations to believe that the United States has no intention of backing up its demands made in the interests of justice and humanity.

Most vulnerable of all points in the Democratic armor is its foreign policy. Primarily this is because of the spoils system by which men trained in the consular and diplomatic service through long years, have been displaced to make room for politicians and friends of politicians, whose sole claim to preferment was their services to the Democratic party.

"If I am elected president of the United States," said Mr. Hughes last night, "I propose that every man I put in charge of an important department shall be a man eminently fit to discharge the duties of that department."

The denuding of the diplomatic service of men of experience in order to supply political jobs, as has been done by Mr. Wilson, or with his consent, Mr. Hughes denounces as "a capital offense—trading in the good name of the United States and damaging its honor." "Nobody," he adds, "has a right to pay political debts with the good name and honor of the United States."

Which is clear proof that Mr. Hughes has not been unmindful of the high principles of government which must be maintained in order that this republic shall maintain its place as a shining example to all nations.
